FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Corrections - Missouri Vocational Enterprises** and the **Department of Public Safety - Office of the Director** state this proposal will have no fiscal impact on their respective agencies.

The **Department of Revenue (DOR)** response to proposals similar to, or identical to, this one in previous sessions indicated DOR planned to absorb the administrative costs to implement the proposal. Due to budget constraints, reduction of staff, and the limitations within the DOR motor vehicle legacy systems, changes cannot be made without significant impact to DOR resources and budget. Therefore, the fiscal impact of this proposal is estimated as follows:

ADMINISTRATIVE IMPACT

Motor Vehicle Bureau:

- Procedures will need to be revised by a Management Analyst Specialist I requiring 40 hours of overtime at a cost of \$805 in FY 11.
- The Application for Missouri Military Personalized License Plates (DOR-4601) will need to be revised to include a new military plate type. This will require 40 hours of overtime for a Management Analyst Specialist I, at a cost of \$805 in FY 11.
- The DOR web site will need to be updated to include the new plate type. This will require 10 hours of overtime for an Administrative Analyst III, at a cost of \$218 in FY 11.

Oversight assumes DOR is provided with core funding to handle a certain amount of activity each year. **Oversight** assumes DOR could absorb the personal service costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DOR could request funding through the appropriation process.

DOR is charged \$279 for the initial set-up of a new specialty plate for passenger, truck, and RV as well as an additional charge of \$92 each to include disabled and motorcycle plates, for a total of \$463 for the initial set-up. This is a one-time fee that will be charged upon passage of this bill in FY 11.

Currently, it costs DOR \$4.75 per plate, \$9.50 per set of plates, for manufacturing flat plates through Missouri Vocational Enterprises. The number of applicants who will wish to obtain this

ASSUMPTION (continued)

plate is unknown. DOR is assuming 100 applicants in FY 11 at a cost to DOR of \$950 in FY 11.

Total cost for plate set-up and manufacturing: FY 11 \$1,413

Information Technology - OA-ITSD (DOR):

System Modifications: The Title and Registration Intranet Processing System (TRIPS) plate table would need to be updated to reflect the Combat Action plate. This function requires minimal programming and will be absorbed by existing staff.

REVENUE IMPACT

The number of applicants who will wish to obtain this plate is unknown. However, for each 100 Combat Action military plate applications received, DOR assumes there will be an increase in revenue each year of \$1,500 that would be distributed 75% to Highway Fund, 15% to cities, and 10% to counties as a result of the \$15 military plate fee.

It is unknown how many applicants there will be during the scope of this fiscal note. Military specialty plates do not have a required number of applications before the plate can be produced. For fiscal note purposes only, **Oversight** will estimate revenue as: Less than \$100,000.

Oversight will also estimate cost to General Revenue as: (Less than \$100,000).

Officials from the **Department of Transportation** concur with the estimate of fiscal impact provided by the Department of Revenue.

Due to time constraints, the **Missouri Veterans Commission** and the **Missouri National Guard** did not respond to a request for fiscal note; however, in response to similar proposals, both agencies indicated no fiscal impact.

FISCAL DESCRIPTION

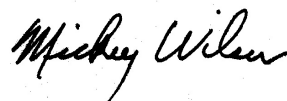

This proposed legislation allows persons who have been awarded the combat action badge to obtain specialized license plates bearing the words "COMBAT ACTION" and an image of the combat action badge.

There shall be an additional fee charged for each set of special combat action badge license plates issued equal to the fees charged for personalized license plates.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
